발간사 Foreword

金 熙 德
한국디자인포장센터이사장

産業 디자인의 研究開發活動을 造成하여 生産製品의 品質을 向上시키고 輸出振興에 寄與함을 目的으로 매년 開催되어 온 大韓民國 産業 디자인 展覽會가 今年으로 어언 18회를 맞게 되었습니다. 草創期の 여러 가지 어려운 與件 속에서도 이 展覽會가 年輪을 거듭하면서 일선 디자이너들뿐 아니라 企業에서의 産業活動에 디자인의 積極적인 活用을 誘導해 왔고 오늘날에는 국내 유일의 産業 디자인 大展으로 基盤을 다지게 되었습니다.

世界는 國際化와 多邊化가 점점 강조되는 時代로 접어들고 있습니다. 急速히 發展되는 科學技術과 交通手段 및 情報處理技術의 發達은 世界의 距離를 점점 좁히고 있습니다. 이러한 國際情勢 속에서 世界各國은 輸出競爭力 강화는 오로지 새로운 技術과 독창적인 디자인 開發을 통해서만이 이루어질 수 있다는 事實을 認識하고 그에 대한 不斷한 努力을 기울이고 있습니다. 이와 같이 産業 디자인의 重要性이 더욱 強調되고 있는 것이 세계적인 추세입니다.

우리는 그러나 産業 디자인의 活性化를 위하여 具體적으로 어떠한 活動이 전개되어야 하는가 하는 그 確固한 基를 定立하지 못하고 있는 實情이라 생각합니다. 이 問題의 해결을 위해서는 보다 광범위한 次元에서 政府, 産業界, 教育界와 그리고 一線 디자이너들이 다 함께 叡智와 힘을 모아 精進해야 할 것입니다.

이와 같은 共同의 努力이 結實을 맺을 때 비로소 우리 産業 디자인 分野의 活性化가 이룩될 것입니다. 특히 요즈음 이 分野의 育成·發展을 위한 眞摯한 노력이 政府와 社會各界에서 일고 있음은 아주 반가운 일이라 하겠습니다.

이 展覽會가 지난 17年 동안의 成長 못지 않게 앞으로도 더욱 發展하여 國家經濟에 이바지할 수 있는 우수한 디자인 創出을 위한 産室이 되어 주기를 바랍니다. 끝으로 어려운 與件 속에서도 作品製作을 위하여 많은 노력을 기울였던 出品者 여러분의 勞苦에 감사드리고 아울러 倍前의 努力을 傾注하여 이 分野의 發展을 위한 役軍이 되어 주시기를 당부하는 바입니다.

1983년 12월

This year marks the 18th Annual Korea Industrial Design Exhibition which has been held since 1966, for the purpose of improving quality of manufacturing products and contributing to the export promotion by creating research & development activities of industrial design. Under the various difficult circumstances in early days, this exhibition, as a sole big event in this category in Korea, has led designers and enterprises to apply design to their industrial activities.

Entering into the age of internationalization and diversification, the world has been shortened in distance thanks to the advanced science technology & transport media and the development of data processing technique. Under the internatinoal situations, each nation makes every efforts to develop new technologies and creative designs by which export competitiveness will be further strengthened.

There is a growing tendency that the importance of industrial design is being further emphasized. At this crucial juncture, however, we are not in a position to answer the following question-"what activities should be developed in a concrete way to promote the industrial design actively?" To answer the question, the relevant parties, such as the government, industrial & educational circles and designers, will have to make their utmost efforts all together to solve the problems of industrial design with their knowledge and wisdom. Through the cooperative efforts, industrial design can be actively promoted and developed. It is very fortunate that the government and people in every walk of life show their earnest endeavors to foster and develop the industrial design.

With the prospective active role in industrial design based on the achievements of the exhibitions held during the last 17 years, I sincerely hope that the exhibition will be a Mecca in which many creative designers are produced.

In closing, I would like to extend my sincere gratitude for your efforts in producing your works under the difficult situation, and I do hope you will provide us with your continued efforts and kind cooperation.

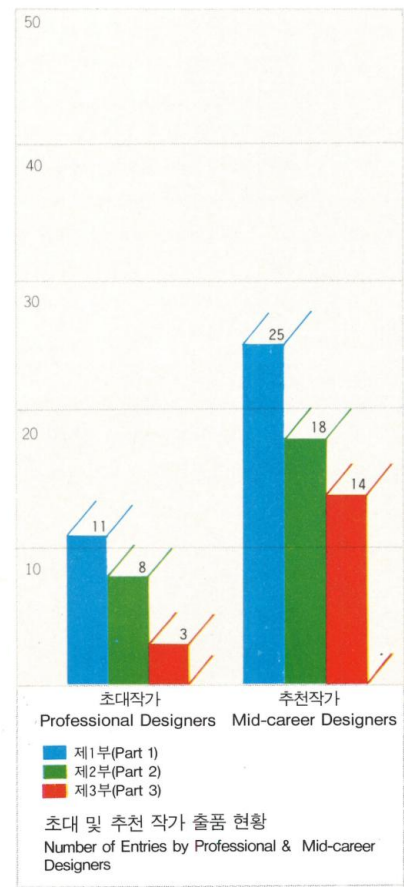

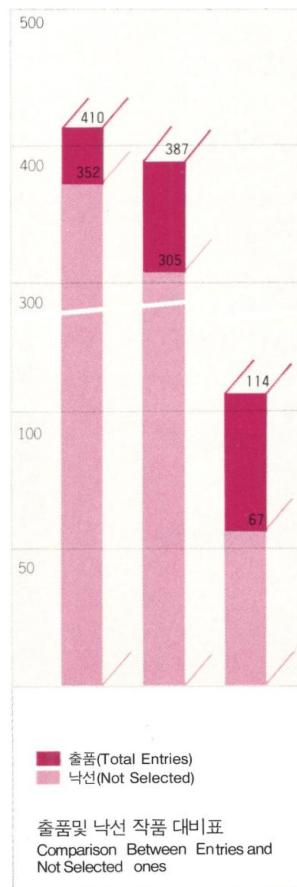

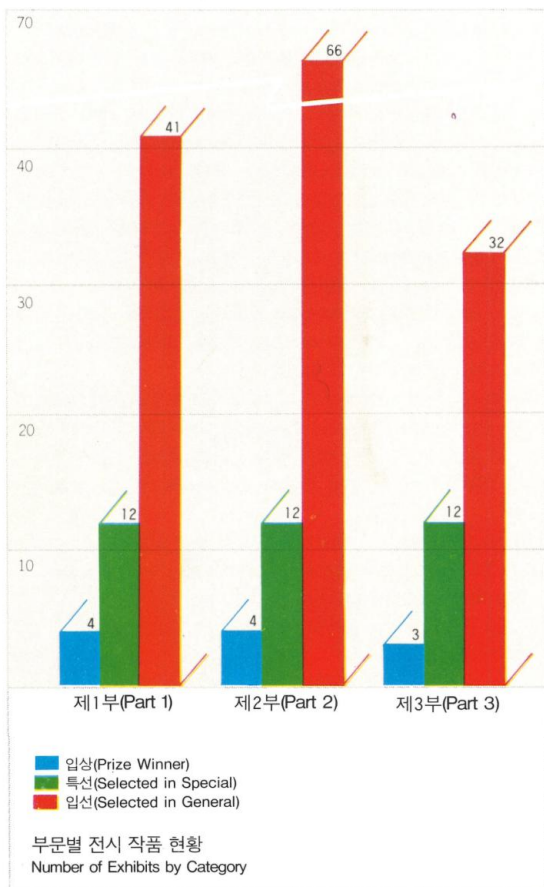

December 1983

Heeduk Kim
